

Hungry
Lyrics by Jim Carrey
24 July 2011

I was born in a big black crack at the bottom of the sea
No one ever loved me. I grew up unhappily.
Now I just can't stop myself. I don't care what I do.
I'm swallowing my feelings and I may just have to swallow you.

I'm so hungry. I'm always empty inside.
Gnarly hungry. There's no place you can hide.
I'm so hungry.
It would do no good to shout.
Cuz' I'm gonna chew you up. Then I'm gonna spit you out.

So if you see me coming you better get to higher ground.
There's gonna be deep trouble whenever Gnarly comes around.

Don't say I didn't warn ya' I told you I was whack.
I won't pretend to need a friend, but I could always use a snack.

I'm so hungry. I'm always empty inside.
Gnarly hungry. There's no place you can hide.
I'm so hungry.
It would do no good to shout.
Cuz' I'm gonna chew you up. Then I'm gonna spit you out.

I'm so hungry. There's a hole down in my soul.
I'm so hungry. When I hit the shoal, I'm gonna take a toll.

When I'm hungry it would do no good to pout.
Cuz' I'm gonna suck you up, then I'm gonna spit you out.
I'm a force that you can't resist. And ME is what I'm all about.

When my brain is illin' and I get that empty feelin' I gotta eat.

Sweet.
