

I'm All Yours (You're All Mine)

24 July 13

Lyrics by Jane Carrey and Jim Carrey

When the moon is high  
And the sky is alive  
No I don't know  
What could be better than you and I  
And the peace that I find in your smile  
Oh your smile

Now I, I'm starting to see  
Everything's part of you and me

I'm along for the ride  
I can change with the tide  
Love is real and we'll be fine  
I will always be kind  
I won't leave you behind  
I'm all yours and you're all mine

In the shimmering sun  
There'll be no need to run from your sorrows  
Baby I'm here just to be around  
When your ship runs aground  
You're alright, I'll be your light

No I, I'm starting to see  
Everything's part of your and me

I'm along for the ride  
I can change with the tide  
Love is real and we'll be fine  
I will always be kind  
I won't leave you behind  
I'm all yours and you're all mine

All mine, all mine  
I'm all yours and you're all mine  
All mine, all mine  
I'm all yours and you're all mine.
